

BAKING ADVENTURE EXTRAVAGANZA

In our recent English class (English advanced course) with Mrs. Kreutz in year 11, we traded textbooks for aprons and embarked on a delightful culinary adventure: baking scones.

Everyone had a specific task, ensuring everyone was engaged and focused, which fostered teamwork and unity. We paired our warm, fluffy scones with rich, clotted cream and a variety of even selfmade jams, allowing us to experiment and enjoy different flavours. This hands-on activity was incredibly fun and rewarding, showcasing that learning can be both educational and enjoyable. The scone baking session was a memorable experience, demonstrating the power of teamwork and creativity!
